

Looking for mentorship? Conference funding? Networking opportunities?

**Attention,
undergrads through
junior faculty!**

1. Do you identify as an individual underrepresented in STEM?
2. Are you located at a MSI, HBCU, or TCU?
3. Interested in cancer research (basic science, population health, etc)?
4. To be matched with a mentor and get connected to other program resources, **please complete this survey.**

To learn more about Dr. Blanco-Melo's research and to see the complete roster of Training Navigators (mentors), please visit our [website](#).

Questions? Please reach out to Sara Cole scole2@fredhutch.org

Daniel Blanco-Melo, PhD

I have first-hand experience of the many challenges that URM trainees face that could impact their performance and mental well-being. Overall, I will strive to become a role model for young, URM scientists, mentoring and promoting individuals from diverse backgrounds.

This initiative is supported by an Administrative Supplement to the Fred Hutch/University of Washington/Seattle Children's Cancer Consortium (P30 CA015704).
